

**CUSTOMER PROFILE****Company**

Mars

**Company Size**

Large Enterprise

**Industry**

Multinational Food Manufacturer

# Mars uses Quest for device migration for M&A activity and saves weeks over manual approach

**BUSINESS ISSUES & CHALLENGES**

- M&A activity

**SOLUTION**

Mars selected On Demand Migration for:

- Quest's migration reputation
- Advanced capabilities of Quest device migration solutions
- Previous experience with Quest solutions

**VALUE**

Mars found that Quest On Demand Migration Active Directory effectively met their requirements for migrating end user devices. They estimated that migrating could take up to an hour per device if performed manually, but with Quest device migration, it took approximately 5 minutes per device and resulted in fewer calls to the help desk. They also had little to no data loss.

“Using Quest device migration solutions allowed us to onboard subsidiaries, enhance collaboration and reduce infrastructure landscape complexities.”

Avinash Kumar, Senior Leader, Mars
