

Securing Critical IT Systems at a Global Biopharma Leader

With both research development and manufacturing of many different pharmaceutical drugs as well as cancer treatment solutions as its focus, this organization selected Quest to strengthen security, compliance, and reliability across its Active Directory environment.

Health Sciences

Country: **USA**

Industry: **Health Sciences**

From the customer

"We find a lot of comfort that when we do encounter issues - because everybody will encounter a major issue, - that [Quest's] support is on call 24x7 to be with us side-by-side in the trenches as we build and recover. Our exercises prove that it is truly a all-in-one solution that brings you back..."

Benefits

- 25-30 minutes recovery vs a week or more
- Strengthen security, compliance, and reliability across AD
- Ensure business continuity
- Streamline administration and reporting
